

# H<sub>2</sub>FOAM LITE

## WATER-BLOWN LIGHT DENSITY, OPEN-CELL

**H<sub>2</sub>FOAM LITE IS THE PRODUCT THAT MADE THE ICYNENE NAME SYNONYMOUS WITH SUPERIOR QUALITY, HEALTHY OPEN-CELL LIGHT DENSITY SPRAY FOAM INSULATION.**

### PROVEN PERFORMANCE

Icynene H<sub>2</sub>FOAM Lite has been used around the world in thousands of residential and commercial projects since 1986. Icynene H<sub>2</sub>FOAM Lite is the industry benchmark for quality and innovation by which all other light density insulation products should be judged.

### A WINNING INVESTMENT

Investing in ICYNENE H<sub>2</sub>FOAM Lite brings homeowners superior comfort together with an air barrier. This healthy insulation offers the opportunity to save up to 50% on heating and cooling costs. Local property resale listings often feature Icynene® as an important selling feature of the home. Although it is hidden behind walls, ceilings and floors, an Icynene investment is one that pays dividends every month and over the long term.

### GLOBAL PRODUCT APPROVALS

Icynene products are rigorously tested and verified by various national and international product approval agencies including:

- ETA: European Technical Approval **CE**
- BBA: The British Board of Agrément
- CSTB: Avis Technique
- IAB: Irish Agrément Board
- CCMC: The Canadian Construction Materials Centre
- ICC-ES: International Code Council Evaluation Service (USA) and many more...

**MADE IN CANADA.  
PRODUCED IN AN ISO 9001-2008 CERTIFIED PLANT.**

## ENVIRONMENTAL LEADERSHIP

- Perfectly healthy, contains 99% pure air, no pollutant or hazardous substances, independently tested per ISO 16000-9.
- Recommended by AMICA, the European Association for the Environmental & Chronic Toxic Injury.
- Icynene spray foam insulation products have been evaluated and listed in the NHAB Research Center Green Approved products program.
- Icynene spray foam insulation products have been evaluated and listed in the Collaborative for High Performance Schools program (CHPS).
- By reducing energy consumption and making buildings more sustainable, Icynene is having a positive impact on our planet.

## FULFILLING CHOICES

Icynene offers fulfilling solutions through a portfolio of advanced and responsible building envelope products that anticipate changing design requirements, market conditions and customer needs. For example our new medium-density, closed-cell foam **H<sub>2</sub>FOAM Forte** is the world's only 100% water blown rigid insulation foam, excellent for flooring, external and ceiling applications.

## IDEAL FOR RESIDENTIAL AND COMMERCIAL APPLICATIONS

### INCREASED ENERGY EFFICIENCY

Icynene products give you both insulating R-value and air barrier performance - allowing homeowners to minimize two major sources of heat loss/gain. The result can be a reduction in heating and cooling costs of up to 50%.

### IMPROVED INDOOR AIR QUALITY

Icynene's air-sealing capabilities minimizes the entry of airborne irritants such as allergens, drafts or humidity. Combined with proper mechanical ventilation, Icynene products assist occupants in controlling the quality of the indoor air that they breathe.

### CONTRIBUTION TO LEED POINTS

Icynene spray foam insulation solutions are vital contributors towards a home or building obtaining critical LEED (Leadership in Energy and Environmental Design) points.
